INCIDENT STATEMENT

Statement of Daniel Vasquez

On 2026-06-22, at about 17:05, I was driving my 2025 Chevrolet on 4970 Highland Avenue, Indianapolis, IN. The weather was clear and dry. The panels had been rusting and cracking from age for years, and I finally decided to put in a claim for all of the deterioration. I swerved to avoid a deer and the left side of my vehicle scraped a retaining wall. No one was hurt and I did not call the police. The main damage is to the front door panel, rocker panel, quarter panel. I took the car to Eagle Body & Paint and they estimated the repair at $4,870.00.
